Register page:

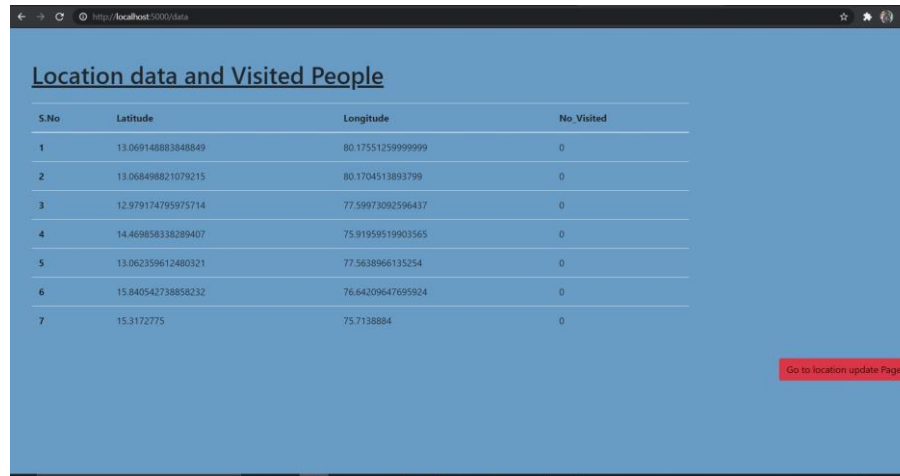

A screenshot of a web browser showing a registration page at <http://localhost:5000/signup>. The page has a solid blue background. In the center, the text "Sign Up to create an account with us" is displayed. Below this text are three white input fields with black borders, labeled "Name", "Email address", and "Password". A blue button with the text "Signup" is positioned below the input fields. At the bottom, there is a link that says "Already have an account ... Login".

Home page:

A screenshot of a web browser showing a home page at <http://localhost:5000/home>. The page has a solid blue background. At the top left, the text "Declare Containment Zone" is displayed in a large, bold, black font. Below this, the text "welcome: admin" is shown. On the right side, there is a blue button labeled "Log Out". In the center, there are two white input fields for "Lat." and "Long.". The "Lat." field contains the value "13.067184099999999" and the "Long." field contains "80.1763357". Below these fields, there is a button labeled "Get current Location" and a link that says "(Click this first)". Below the input fields and button, there is a map of a region in India, showing various locations and roads. At the bottom of the page, there is a red button labeled "Declare Containment Zone". The browser's taskbar is visible at the bottom, showing various application icons and the system clock.

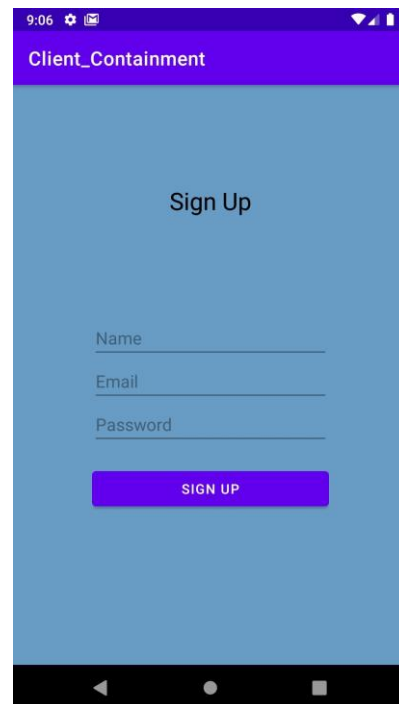

Location data page:

The screenshot shows a web browser window with the address bar displaying 'http://localhost:3000/data'. The page has a blue background and a title 'Location data and Visited People'. Below the title is a table with four columns: 'S.No', 'Latitude', 'Longitude', and 'No. Visited'. The table contains seven rows of data. In the bottom right corner, there is a red button with the text 'Go to location update Page'.
